To all –

I haven't heard from Marc (he's out of the office today) but I'm sure he can make this work. Why don't we shoot for a 2:00 PM EDT time this Friday, March 13, 2015 for a conference call?

I plan on participating (hopefully with Marc) but the City doesn't have a very user-friendly system for a conference call.

Jeff – I was wondering if this was something you could arrange?

Thank you!

Bruce

Good Morning, Jason –

I hope all is well. Can you please let me know you availability over the next week so I can set up a conference call regarding the assumptions used for the redevelopment concept drawings? Hopefully, we can coordinate the schedules within that time frame.

Thanks!

Bruce

Marc

Unfortunately I am out of the office until next Monday and would like to be a part of those discussions

If you need to perhaps we could schedule a time for next Monday or Tuesday instead of tomorrow

We would be glad to help when I return

Jeff,

Do you mean the 5<sup>th</sup> or really the 19<sup>th</sup>? Folks from Tower Pinkster (Jason is copied) helped us with much of this and they may need to help with those answers. Most work developed from the earlier drawings and volumes/assumptions you folks provided.

Thanks.

Marc

**Subject:** Allied Landfill City Alternative Figure

Marc,

Would you have a ½ hour to discuss the City Alternative this Thursday, March 19? Michael has asked us to look at the City's figure and start developing the alternative evaluation. We are mostly interested in the assumptions that went into the drawing (footprint acreage, setbacks, heights if developed). I will need to develop a couple of figures for the FS addendum and want to make sure we are consistent.

Let me know what times work best for you or if we need to schedule for another day and I will send out a meeting invite.

Thanks JK
